FLOOD LIGHTS SERIES

MODEL-ORION

Light Distribution Curve

Product Dimensions

Technical Specification

Performance

35W \sim 250W HPS/CDM Input Power 2000/3000/4200K Color Temperature 85~95 Luminous Efficiency 100~120 Lm/W Input Voltage 120~277V,50/60Hz IP Rate IP65 Light Output Ratio (LOR) ≥87 Power Factor (PF) ≥0.98 Initial Luminaire Efficiency (Im/W) ≥87 Reflector Reflectance Rate ≥96%

Parameter

Material Features

- Die Casting Aluminium
- Oval or Round Optical Reflector with Highest-Efficiency Energy Saving Lighting System, Reflecting rate with Optics Design is up to 96%. Tempered glass lens.
- ▶ IP65. Anti-electric shock is Class I. Corrosion -Resistance Class II
- ▶ Single lamp 35W-250W HPS, CDM.
- ► Control Gear: Electronic/Conventional Ballast
